## Education

### Priyadarshini College of Engineering

Bachelor of Electronics and Telecommunication Engineering

2021 – Present

Nagpur, Maharashtra

## Relevant Coursework

- Data Structures and Algorithms
- Object Oriented Programming
- Operating System
- Computer Network
- Database Management System

## Experience

### Oasis Infobyte

Feb 2025 – Present

Web Developer Intern

- Worked on client projects and customized website front-end according to client requirements.
- Developed using HTML, CSS, JavaScript, and Bootstrap.
- Utilized Jenkins to automate the continuous integration process, including loading builds, running tests, and generating reports.
- Explored ways to visualize and send daily test reports to team members using HTML, JavaScript, and CSS.

## Projects

### Sorting Visualizer Project Link

Dec 2023

- Developed a Sorting Algorithm Visualizer using HTML, CSS, and JavaScript to demonstrate sorting techniques with real-time animations.
- Implemented Bubble Sort, Quick Sort, and Insertion Sort, ensuring smooth visual representation and user interaction.
- Designed a responsive and interactive UI, allowing users to generate random arrays and observe sorting step-by-step.
- Enhanced problem-solving skills and deepened understanding of sorting algorithms and DOM manipulation.
- **Tech Stack:** HTML, CSS, JavaScript, DOM Manipulation, Algorithm Visualization.

### My Music Playlist Project Link

Feb 2025

- Developed a web-based music player using HTML, CSS, and JavaScript with custom audio controls.
- Integrated play/pause functionality with dynamic icons and smooth user interactions.
- Styled an interactive UI using modern CSS techniques, including gradients, shadows, and hover effects.
- Implemented JavaScript for handling audio events and updating UI elements based on playback state.
- Optimized for responsiveness, ensuring seamless functionality on both desktop and mobile devices.
- **Tech Stack:** HTML, CSS, JavaScript, Audio API, Responsive Design.

## Technical Skills

**Languages:** Java, Python (Basic)

**Web Technologies:** HTML5, CSS3, JavaScript, JDBC, ReactJs (Basic), Bootstrap

**Developer Tools:** VS Code, Eclipse, GitHub

**Databases:** MySQL

**Non-Technical:** Teamwork, Leadership, Public Speaking

## Coding Profiles

### LeetCode
